Dear Stuart,

I am writing to thank you for the very professional service you and your team provided in the production of promotional material relating to our involvement with the Edinburgh International Film Festival.

In particular I wanted to thank your team for the "Film Festival Under the Stars" material which was exactly what we needed for the photoshoot. And the end result exceeded our expectations.

There are many occasions in the past few years when your team has really pulled out the stops for us with some tricky (and unusual!) requests put to you in very challenging timescales!

We do very much appreciate the consistent high standard of work and attention to detail you produce for us and your personal commitment to delivering what we are looking for.

Your team are enthusiastic (even under pressure!), willing to go that extra mile and a pleasure to work with.

We look forward to continuing our successful relationship with future projects.

Renewed thanks

Yours sincerely,

Carol McLaren,  
PR Manager  
The Famous Grouse
